14th January 2010

Dear Mr Williams,

Happy New Year and thank you for your continued commitment to Action for Blind People's vital work. Your generous support helps fund our services so it is important to share news of how your donations are helping make a life changing difference to over 20,000 blind and partially sighted people every year.

Thanks to our supporters, many more blind and partially sighted people were able to reach their goals this year, whether that was getting a job after years of struggling or simply taking part in a football match.

Colleagues have commented to me that working for Action for Blind People isn't a job, it's a mission. And it's true. 100% of our efforts go to ensure that blind and partially sighted people get the same rights, responsibilities and opportunities as everyone else. Please remember that we cannot do this without your support. A great example of how you can make a difference is Kelly's story, which is featured in the enclosed Action Matters newsletter.

But, there is still lots more work to be done. For every person we reach, there are hundreds more who need our help.

Our recent Association with RNIB means we now have the opportunity to expand on the important services that we provide and, together with your continued support, we can make a real difference to the lives of many more blind and partially sighted people in 2010.

The latest edition of your Newsletter is packed full of interesting stories and will keep you up to date with what is happening with Action for Blind People along with highlighting how your support is changing peoples lives every day.

I hope that these stories demonstrate how passionate and proactive we are about changing the lives of blind and partially sighted people, and how your continued support will help us transform lives not just in 2010 but for many years to come.

Yours sincerely
